

Faculty Member Qualifications Review Committee for Plastic Surgery

Faculty members are a foundational element of graduate medical education. At each participating site, there must be a sufficient number of faculty members with competence to instruct and supervise all residents at that location. Non-American Board of Medical Specialties (ABMS) or non-American Osteopathic Board of Surgery (AOBS) faculty members must adhere to the following ACGME Common Program Requirements:

II.B.3. Faculty Qualifications

II.B.3.a) Faculty members must have appropriate qualifications in their field and hold appropriate institutional appointments. (Core)

II.B.3.b) Physician faculty members must:

II.B.3.b).(1) have current certification in the specialty by the American Board of Plastic Surgery or the American Osteopathic Board of Surgery - Plastic and Reconstructive Surgery, or possess qualifications judged acceptable to the Review Committee. (Core)

II.B.3.c) Any non-physician faculty members who participate in residency program education must be approved by the program director. (Core)

All physician faculty members who are not currently ABMS-board certified must be approved by the Review Committee. In such a case, the proposed faculty member's full curriculum vitae must be submitted for review along with a cover letter signed by the program director and the designated institutional official.

Email the request to:
Chris Fox, PhD
Executive Director, Review Committee for Plastic Surgery

Prior to submission of the Accreditation Data System (ADS) Annual Update, programs should ensure that all faculty certification documentation is complete in ADS. Each faculty member should have a designated certification status as listed below. With the exception of "Time-unlimited," all other categories of certification should have an original certification date and a recertification date where applicable.

Certification Status Categories in ADS:

- R = Re-Certified
- O = Time Limited/Original Currently Valid
- L = Certification Lapsed
- N = Time-unlimited
- M = MOC/CC Requirements
- C = Osteopathic Continuous Certification (OCC)
